

# Hello neighbour

**Hello Neighbour,**

I just wanted to let you know that you/a member of your household/your pet:

---

You may not have realised how your behaviour is impacting me or the local community, but if you could please

---

that would be appreciated. **Thank you**

**Let's keep our neighbourhood a peaceful and enjoyable place to live.**

If you've received this card, it means that your behaviour has impacted your neighbour(s) and they would like to resolve this with you, rather than reporting it to us. If the issue continues, they might contact us to get involved.
